

Go8–C9 Research Leadership Executive Shadowing Program

GROUP OF EIGHT
A U S T R A L I A

Program overview

The Group of Eight (Go8) has welcomed an announcement by the Education Minister Chris Evans of \$100,000 for a new research leadership executive shadowing program between the Go8 and Consortium of China Nine Research Universities (C9). The funding acknowledges a highly successful relationship between the Go8 and C9 and affirms the vitality of Australia's research relationship with China.

The shadowing program will enable senior research and research training executives from Go8 universities to spend two weeks at a C9 institution, and vice versa. The visitors will observe the host university's operations and decision-making processes, and gain insights into research management and leadership issues in the partner nation.

This program will facilitate career development (挂职培训) of university leaders including Deputy Vice-Chancellors Research and Pro Vice-Chancellors Research/Research Training, and deepen research and professional engagement between some of the main discovery universities in Australia and China, as well as foster mutually-advantageous activities including staff /student exchanges and joint research projects.

The C9 institutions are currently mentoring a number of Chinese western region universities which will also be included in this shadowing program.

Applications open in August 2011 with the shadowing program commencing in early 2012. It is an extension of a Go8-C9 MoU signed in October 2010.

Eligible institutions

Australia		China	
University	Location	University	Location
The University of Queensland	Brisbane	Peking University	Beijing
The University of Western Australia	Perth	Tsinghua University	Beijing
The University of Adelaide	Adelaide	Fudan University	Shanghai
